MESSAGE FROM THE IN-CHARGE

Dear Students,

As we draw the curtains on another enriching year, I want to extend my heartfelt appreciation to each one of you for your dedication, enthusiasm, and hard work.

This year has been a journey of growth, learning, and resilience. Your achievements both big and small, have contributed to the vibrant tapestry of our school community. Remember, success is not only measured in grades but also in the lessons learned, values inculcated, friendships forged, and challenges overcome.

As you embark on a new year take time to recharge, explore new interests, and cherish moments with loved ones. Reflect on your accomplishments and set new goals for the upcoming year.

Carry the values instilled this year as you step into new adventures.

Together, let's continue to make our school, a place where curiosity thrives, friendships blossom, and dreams take flight.

Thank you for your continuous support in creating an environment that cultivates both the minds and hearts of our students. Wishing each of you a joyful and rejuvenating year. Stay safe, stay inspired.

Happy Reading!

Dr. Renuka Rawat
Incharge

World Soil Day

Students of ASN Lower Primary Wing enthusiastically celebrated World Soil Day, by exploring the magic of soil through hands on Soil Activity – 'Abra Ka Dabra'. They enjoyed getting their hands dirty to study, feel and observe their soil samples. They then tabulated their findings on the observation sheet. Informative videos and songs helped them to understand the importance of soil in sustaining life on our planet. Students also creatively expressed their thoughts through drawings to improve soil health.

Sp. Assembly – Hold your Grip to Stop the Drip

"Hold tight, the planet's future is in our hands - stop the drip!"

In the face of environmental challenges, it is important to emphasize the critical importance of saving water for the well-being of our planet.

Individual actions play a pivotal role in achieving the overarching goal of water conservation.

The students of grade I A conducted a special assembly 'Hold your Grip to stop the Drip' on Wednesday, 6th December 2023. They showcased their talents through facts, thoughts, skit, Nukkad Natak, song and dance. The young brigade spread the message loud and clear that a drop of water is worth more than a sack of gold to a thirsty man.

The assembly was a resounding success, showcasing the passion and determination of the younger generation to protect our planet. Their creativity, coupled with a deep understanding of environmental issues, served as a powerful reminder that every individual can contribute to creating a sustainable future.

Sp. Assembly - Clean Air is My Right

Class 1 B presented an assembly on 'Clean air is my right' to convey a significant message that air pollution should be controlled by taking simple measures in daily life so that we can breathe clean air and stay healthy. We should always breathe clean and fresh air because breathing impure or dirty air can make us sick and it can also harm the atmosphere.

Assembly started with beautiful thoughts and Dohas followed by Exercises showing the Importance of doing exercises daily for improving our lungs health to improve breathing and improve their immunity against various diseases and effects of air pollution by students.

The measures that should be taken by everyone to show that Clean air is our right' were shown through simple enactment by students- Stop burning crops, plant more trees, save electricity, stop stubble burning, use energy saving devices etc.

Special Assembly - One World, One Community

The beauty of the world is in its diverse and rich fabric of traditions. World culture fosters understanding, unity, and appreciation among diverse societies, fostering a global tapestry of shared heritage and values.

The students of grade 1 C conducted a special assembly 'One World, One Community' on Friday, 29th December 2023. They showcased their talents through facts, thoughts, skit, dohe, song and dance.

The assembly was a resounding success, as the children, through their vibrant and heartfelt presentations, eloquently demonstrated the profound significance and enchanting beauty inherent in embracing diverse cultures and transcending borders.

Bhasha Sangam

"Bhasha Sangam, a major cultural event for our vibrant Class 1 and 2 students, unfolded as a captivating display of diversity. Dressed in their state attire, young participants not only embodied the essence of their respective cultures but also passionately shared insights into their languages, greetings, and traditional customs.

The atmosphere buzzed with excitement as students showcased their talents through regional songs and famous dances, adding a colorful touch to the event. Culinary diversity took center stage with students bringing in delectable dishes from their states, creating a feast for the senses.

Maths Fair

The School organized an interactive Mathematics Fair- 'Matheletics' which aimed at fostering a love for mathematics among our young learners. The event, held brought together students, parents, and educators for an engaging exploration of mathematical concepts through hands-on activities and exhibits.

The exhibition featured a variety of interactive displays that catered specifically to young learners. Young mathematicians from Lower Primary and Primary Wing actively participated by showcasing their class projects. These projects were not only educational but also demonstrated the creativity of our students in presenting mathematical ideas in an accessible manner. Various game booths were set up to make learning math a playful experience.

Through creativity, engagement, and real-world connections, students not only showcased their academic prowess but also ignited a passion for math that will undoubtedly resonate beyond the classroom.

Lines for Life – Road Safety

ASN Senior Secondary School

Let's hold hands to become Pro-Planet Champions by adopting and promoting environment friendly life-style.
