*New Session – New Beginnings*

*"I do not want my house to be walled in on all sides and my windows to be stuffed. I want the culture of all lands to be blown about my house as freely as possible. But I refuse to be blown off my feet by any"*  
- Mahatma Gandhi

This timeless and profound quote by Gandhiji echoes of the very foundation of intercultural understanding in the globalized world today. The new national education policy (NEP) of our country also envisions creating truly global citizens well connected to their roots as well as reach out to new heights beyond national boundaries.

The foremost requirement to achieve this objective is that the learners first learn to understand and respect each other's culture and beliefs and treat each other equitably and inclusively.

School, a microcosm of society facilitates a learning space where students are engaged in multidimensional activities and projects within the framework of 3H- Head, Heart and Hand with right pedagogical approaches and integrated curriculum.

In a culturally diverse country like ours, community itself provides another wonderful experiential learning space where our children grow up in an environment infused with rich and diverse traditions, customs, languages, festivals and celebration, promoting intercultural awareness and values acceptance and appreciation in them.

The month of August was dedicated to Azadi ka Amrit Mohotsav, celebrating 75 years of independence fostering spirit of patriotism and intercultural understanding in our learners through an array cultural, literary and craft activities.

Our young learners as future citizens, need to learn the importance of living together peacefully and constructively with other cultures with a sense of community.

In my opinion, together as a school and community, we can work towards fostering positive intercultural behaviours in learners starting with inculcation of empathy, respect and responsibility, in a trickle-down fashion slowly, steadily but surely.

Happy Reading!

**Dr. Renuka Rawat**

'Azadi Ka Amrut Mahotsav' is an initiative to celebrate and commemorate 75 years of independence of progressive India and the glorious history of its people, culture and achievements.

Every academic institution, nook and corner was painted in the colours of joy and so was ASN. The school celebrated the patriotic fervour through a weeklong cultural extravaganza through a plethora of events. It was indeed a very joyous week for all.

To fill the mood with patriotism and the very spirit of unity, documentaries, movies, slogans, songs etc. were shown to young ones which were based on the struggles behind this heartfelt independence. All of them were very much enjoyed by the students.

## Azadi Sqaud

Festivals are always fun to celebrate and celebrations become all the more meaningful and heartfelt when we add patriotic feeling into them. With an objective to imbibe the values of patriotism and to make children understand the importance of Independence Day and that the development of a country is a result of collective work and sacrifices of common people from various fields who then go on to become legends. To salute the champions and leaders of India we conducted 'Behtar India' - A fancy dress with the difference wherein young ones dressed up like national leaders or freedom fighters or of their choice or were supposed to choose important people from various works of life. Children participated with great zest and enthusiasm in the event. Through this, young ones not only got to know about the contribution of their great leaders but also saluted their efforts.

## Tri-colour Craft

To celebrate the Tri-Colour, our National Flag and to foster patriotic fervour in young minds through art, Tri-Colour Fiesta was conducted to celebrate Azadi Ka Amrit Mahotsav wherein, students made kites and pinwheels depicting tri-colour bands. Through this activity students channelized their creativity into an interesting artwork.

## Tri-colour Lunch

When the entire nation is filled with the celebration mood, why not give a patriotic flavor to the food and celebrate this day with the spirit of nationalism in hearts, digging into the delightful food. Therefore, to instill the same, young ones carried tricolour lunch to school with an aim to inculcate respect for the country and its cultural diversity.

A special assembly '**Mera Desh Mahan**' was conducted by class II-D to embrace our rich history, culture, natural heritage and honour the struggle of our freedom fighters. A skit was performed by the students where they depicted that India is a country which celebrates unity in diversity as people of different religions, castes, creeds, and cultures stay together in harmony.

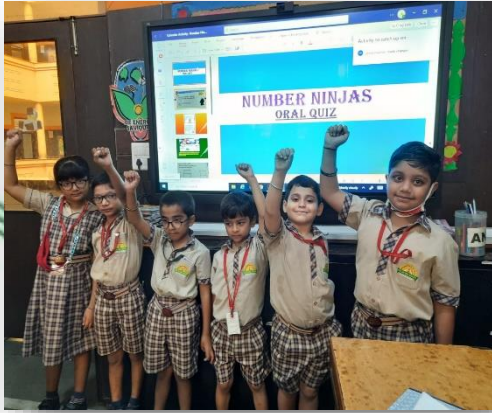

**'We all have different inspirations, but one goal a better world'.**

Keeping it's ethos in mind, a class assembly on 'Growing up Global' was celebrated by students of class 2nd c wherein students depicted the importance of being global citizen and also stressed on how our country India is taking rapid strides and successfully leaving imprint on global platform. A small skit where celebrities or famous people of India from various walks of life who have made our country proud talked about the achievements and motivated all to do better, was performed by students. It was followed by a speech highlighting India's glory was much appreciated. The assembly concluded with the foot tapping dance number. In-charge Dr. Renuka Rawat appreciated and applauded the efforts put up by students.

## PROJECT CLEANUP

With the environment degrading at a rapid rate, the health of the planet is at risk. To instill the thought of conserving our environment, children can learn little ways of preserving nature and can make a substantial effort to save the face of mother earth. Therefore, 'Project Clean Up' was taken up to build the inquisitiveness of children and to sensitize them about the importance of cleanliness, in order to raise awareness about local environmental issues, particularly waste minimization, recycling, and waste management through videos and catchy songs such as 'Gila Kachra, Sukha Kachra'

Furthermore, young ones were informed about the ways to segregate household garbage - highlighting the significance of Green and Blue dustbins present in the classroom, Importance of three R's and appropriate waste handling and disposal measures were recommended through the project. By doing so, young ones can make a substantial change in the depleting environment and also taking up such projects help foster productive learning and positivity

*"Diversity is not about how we differ. Diversity is about embracing one another's uniqueness."*

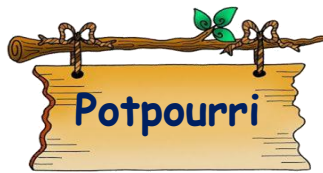

To cherish the very spirit of patriotism and nationality, our GC Curriculum reflected the theme of 'Diversity and Intercultural Understanding'

'The beauty of the world lies in the diversity of its people' i.e. we must accept and appreciate similarities and differences, we need to respect each one's unique identity in a way wherein, we get to share the elements of various cultures, which add colours to our lives.

The theme "Intercultural Understanding" in the Global citizenship curriculum was undertaken with an objective to enable students to connect with diverse culture, festivals and language of our country and develop respect and appreciation for customs, values and traditions of others and self. A cultural bonanza where students dressed up in their state costumes and spoke about the festivals, food and celebration and gained knowledge from their peers for the same; fostering multicultural awareness amongst learners. These activities help children recognize not only their own identity but build an understanding to appreciate diversity at global level.

## Potpourri

Sweeter than honey, tastier than curd, pleasanter indeed than any happiness and joy is the company, is the power of the name of Krishna.

The birthday of Lord Krishna was celebrated with great devotion and enthusiasm, on this Janmashtami day. Krishna Janmashtami was celebrated with great pomp and festivity by the tiny tots dressed up as Radha and Krishna. A splendidly colorful program was organized by the cute little ones which added a traditional touch to the entire celebration when they danced to the beat of Janmashtami songs, filling the air with joy and festive spirit.
