Dear Parent

Keeping the current ongoing crisis situation in view, we sincerely hope that you along with your family are absolutely safe at home.

As per government guidelines, the School had to be closed on 19th March, hence the results for some classes could not be declared as per the scheduled date.

Heartiest congratulations to all my dear students for being promoted to the next class. Your result will be handed over to you when the school reopens.

The School will commence Online Classes for classes III - IX from 1<sup>st</sup> April 2020 and KG - II from 7th April 2020. Teachers are working hard to make the teaching-learning inclusive and interactive. Details for these classes will be posted by the respective Incharges.

We look forward to your continuous support in these hard times and in making this time productive for our learners as a team!

Hope to meet our students soon in a safe and conducive environment. Let's all fight this pandemic by staying indoors, keeping our spirits high and taking the necessary precautions.

Best Wishes!

Swarnima Luthra
