Summer Fun Activities

Class: K.G

Session : 2022-23

June

Summer, Summer
Time for fun
We run all day
In the hot, hot sun.
Summer, Summer
Jump in the pool
Eat a lot of ice cream
To keep cool

Dear Parent,

We wish you and your child a very happy Summer Holidays. It's time to enjoy and create a bond with family, friends and relatives. To utilize this time in the most constructive way, we have prepared Summer Fun Activities for our tiny tots on the principle of 'learning by doing' for her/his holistic development.

Summer
FUN

HAPPY

Parental Supervision

Dear Parents,

“Despite the hot Sun, we can still have a lot of fun, so vacation is here for a sweet retreat”. Here are some Summer Fun Activities designed at ASN to enhance the child’s creativity and innovation for progressive learning.

Help your child to do it :

- **Morning Blessings:** *Help your child inculcate good habits like doing ‘Surya Pranam’ & encourage her/him to greet all elders in the morning. If possible, visit a place where the child can get close to the nature.*
- **Fun in Knowing:** *Tell the child about your childhood, share incidents from the past and show her/him old family albums. This will strengthen the bond between you and your child.*
- **Fun with Books:** *Read English and Hindi stories to your child with morals and colourful illustrations.*
- **Fun with family:** *Make use of these holidays and spend quality time together as a family and make your child feel special.*
- **Fun with Parents:**
 - * *Cook dinner together. Show your child how to measure 1 cup, 1/2, 1 teaspoon etc. Start naming the food groups when you serve them.*
 - * *Go shopping together. Tell your child about the difference between a market and mall, about the things, items and material purchased from there.*
 - * *Let your child help in your household chores like cleaning windows, dusting and many more.*
 - * *Walk together and talk to your child about what she/he likes, dislikes and why?*
 - * *Help your child to memorize the home address and your phone numbers too.*

HOLIDAYS... FUN TIME..... PARTY TIME !!!!!

Important Days To Remember

WORLD ENVIRONMENT DAY (5TH JUNE)

Every year World Environment Day is celebrated on 5 th June to spread awareness, to encourage people to take action and to protect the environment.

The best air purifying plants include the spider plant, snake plant, devil's ivy, Chinese evergreen, peace lily, bamboo palm, dracaena, Barberton daisy, and weeping fig. Some of these houseplants are safe for cats and dogs and can grow indoors in low light settings such as bedrooms and bathrooms.

* Grow air purifying plants in your house , take care of them during your vacations ,label the pot and bring it to school after vacations.

June

FATHER'S DAY (19 JUNE)

"A dad is someone who holds you when you cry, scolds you when you break the rules, shines with pride when you succeed and has faith in you when you fail."

When I was born,
You were there to hold me whenever I fell
and wherever.

When I said my first words,
You were there for me,
To teach me the whole dictionary if need be.
When I took my first step.

You were there to encourage me on.
When I had my first day at school,
You were there to give me advice and help
me with my homework.

And I know you will be always there for me
what I want to be in life.

So I just wrote this to say 'I LOVE YOU DAD!!!'

HAPPY

June

Party Time - Let your child make a card using vegetable print/ dry flowers etc. Prepare lemonade and some snacks for the family and enjoy the party. Don't forget to click some pictures for your memory. Paste the card and pictures in the Scrap Book given to you.

What is needed?

- 5 or more drinking glasses or glass bottles/glass bowls.
- Water
- Wooden stick such as a pencil.

How to use?

- Line the glasses up next to each other and fill them with different amount of water. The first should have just a little water while the last should be almost full, the ones in between should have slightly more than the last.
- Tune the glass with the least amount of water and observe the sound, then the glass with more water, which makes the louder sound?
- Tune the other glasses and see what noise they make, see if you can get a tune going by striking the glasses in a certain order.
- Each of the glasses will have a different tone when struck with the pencil; the glass with more water would have the lowest tone while the glass with the less water would have the highest. Small vibrations are made when you strike the glass.
